The Honorable Mike Crapo  
Ranking Member, Senate Finance Committee  
239 Dirksen Senate Office Building

Dear Senators Wyden and Crapo:

As advocacy organizations committed to advancing health equity, we submit the following letter in support of the nomination of Attorney General Xavier Becerra for Secretary of the U.S. Department of Health and Human Services (HHS).

Attorney General Becerra is a demonstrated leader in the fight for quality, affordable health care, immigrant rights and the principles of equity and justice upon which our health system must be based. As a member of Congress from 1993-2017, Attorney General Becerra fought tirelessly to protect and expand access to affordable health care for all people, which included his leadership in the passage of the Affordable Care Act (ACA). Since then, as California's Attorney General, he has continued his tireless work to protect people's health, most notably as the lead defender of the ACA in the *California v. Texas* lawsuit, currently before the Supreme Court. He is also a longstanding champion for protecting and expanding access to sexual and reproductive health, including abortion, which is critical for advancing health equity.

Now, more than ever, we need a proven champion of health equity leading HHS. The COVID-19 pandemic has shed light on the deep inequities that leave many Black and brown people without resources or recourse to protect their families. In particular, the pandemic has had a disproportionate and devastating impact on Black, Latinx, Indigenous, Asian American, and Pacific Islander communities, who face alarming rates of infection and death due to discriminatory barriers to safe work places, health coverage, and care. It has also exposed how our health system fails LGBTQ+ people, immigrants, people with disabilities, older adults, and every intersection thereof. We are confident that as HHS Secretary, Attorney General Becerra will take quick and decisive action to mitigate the harm the pandemic has caused as well to address the underlying inequities that keep our systems from serving the public fairly and well.

We further expect Attorney General Becerra to continue his commitment to working with advocates, policy makers, and agency staff to build on the important foundation the ACA has laid, including in the areas of expanded coverage, increased affordability, and improved access to quality care for all people. His leadership and expertise will also be particularly valuable in developing and implementing a plan to reverse anti-immigrant policies, including public charge

rules and non-discrimination protections for people with limited English proficiency, and to rebuilding trust between our government and immigrant communities going forward.

Attorney General Becerra is the right leader for the moment. We enthusiastically support his nomination and look forward to working with him to move our nation's health system forward with health equity and the needs of historically excluded and under-resourced communities at the center.

Thank you,
